PROFILE

As a dedicated and hardworking college student, I am eager to secure an internship that allows me to apply my motivated attitude and powerful skills to further a company's mission. With the ability to multitask and work collaboratively with others, I am confident in my ability to contribute positively to your organization. Research is an area of particular interest to me as it provides the opportunity to learn and explore new concepts.

TECHNICAL SKILLS

Programming Languages : Java, Python and C.

Scripting Languages :HTML,CSS and Java Script.

Frame works:Flask,Django and React JS.

Academic Courses: Data Structures and Algorithms(DSA), Operating Systems(OS),

Database Management System(DBMS),Computer Networks and Security (CNS),

MongoDB,MSQL and OOPS Concepts.

EDUCATION

KL University <i>BTech in Computer Science and Engineering(Honours)</i>	Hyderabad, Telangana, India <i>Aug 2021 – May 2025</i>
CGPA : 8.7 Sri Chaitanya Junior College <i>Intermediate</i>	Hyderabad, Telangana, India <i>Jun 2019 – Apr 2021</i>
Percentage : 83 Triveni Talent School <i>Class X</i>	Kothagudem, Telangana, India <i>Jun 2018 – Apr 2019</i>
CGPA : 7.8	

PROJECTS

I : Marriage Hall Booking System using Flask	July 2022 - Dec 2022
<ul style="list-style-type: none">Marriage Hall Booking System using Flask is a web-based application that allows users to book a marriage hall for a specified date and time.	
II : Credit Card Management System Using Flask	July 2022 - Dec 2022
<ul style="list-style-type: none">Credit Card Management System using Flask is a web-based application that allows users to manage their credit cards online.	
III : E-commerce Website using React JS	Jan 2023 - May 2023

- An e-commerce website using React JS is a web-based application that allows users to browse and purchase products online.

ACHEIVEMENTS

- As a code mentor, I guided first-year undergraduates in their programming.
- I am an active participant in various technical events at my college.
- I was awarded the first prize in my school science fair during 8th, 9th, and 10th grade.
- I Published two survey a paper in ICACIA conference.

SEMINARS

- Attended the Data Science seminar on **SatelliteRemoteCommunication** by **Dr.K.V.ChandraSekhar**, Scientist(ISRO).
- participated Tech-Series on the topic of **High Performance Computing** by **Prof.Osvaldo Gervasi**, Department of Mathematics and Computer Science at University of Perugia, Italy

HOBBIES

1. Listening to music:

- Music can be a powerful emotional and psychological tool that can affect our mood, reduce stress, and provide relaxation.

2. Browsing:

- Browsing can be a way for people to learn new things, stay informed about current events, and connect with others who share similar interests.
